

Owner Performed Aircraft Maintenance and What You CAN Legally Do Yourself

There are many maintenance items outlined by the FAA that are legal for aircraft owners and aircraft operators to accomplish themselves, thus saving money and not compromising safety. Mr. Jay Matson-Bell, Aircraft Restoration Specialist at WAAAM, will give you tips and a list of preventative maintenance items that an owner/operator may do themselves.

Directions: From I-84: Take Exit 62 and turn right onto Cascade Ave. Turn right at the first traffic signal onto 13th St.. 13th St. joins with 12th St. and then becomes Tucker Rd.. From there it is only 1.5 miles to Air Museum Rd.. The museum is on the left side of Tucker Road. Look for the vintage Drive-In Theater sign at our entryway. Event to be held in the Restoration Hanger during the WAAAM Annual Fly-In

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
